However, a weight of 220 grams is not possible for such a measurement. Is the intended weight 400 grams per square meter?	<ul style="list-style-type: none"> • Hand towel, medium size (40 × 60 cm) • Dark colors (grey or navy) • Weight: 220 grams
5	06-06-2026	In the technical document for the Dignity Kits (Annex A.1.8 – Technical Bid Form, LOT 8), item 12 is described as women's pads for urinary incontinence. However, in the financial offer, there is a mismatch between the Arabic and English descriptions: the Arabic version mentions adult diapers, while the English version mentions women's pads for urinary incontinence.	This was a translation error – for dignity kits it is always sanitary pads for women and girls, not diapers.
