#	Enquiries to the Tender		
	Date	Question	Answer
	10/11/2022	This is to ask for confirmation on the deadline for the requested service, which in section II of the attached is mentioned to be 15th December. For a job of 40 working days, and the opening of tenders scheduled for 24th November ?	Confirmed the deadline on 15 Dec 2022 as mentioned. We expect receiving applications/bids from teams to meet our donor deadline.
	18/11/2022	In the RFP page 3, it is stated that: "For all bids deemed technically compliant as per the specification stipulated in Annex F – Terms of Reference TOR, DRC will give a weighted combined technical and financial score. The weighted score will determine the contract award. It is, however, not stipulated what will be the relative weight of the technical score versus the financial score. Would it be possible to provide the relative weight of these two scores? This will allow us, the bidders, to better understand if emphasis is on cost or on the technical quality.	As per RFP page 3, the percentage is mentioned under column "weighting in technical evaluation", then Points to be awarded accordingly. All bids that pass the Technical Evaluation will proceed to the Financial Evaluation. Financial evaluation will be based on weighted cost compared to other offers, applying the best value for money .
